**First Supplemental Information Disclosure Statement**

Commissioner for Patents  
PO Box 1450  
Alexandria, VA 22313-1450

Sir:

Listed on accompanying Form PTO-1449 are documents that may be considered material to the examination of this application, in compliance with the duty of disclosure requirements of 37 C.F.R. §§1.56, 1.97 and 1.98. A copy of each of these documents is provided.

The numbering of this First Supplemental Information Disclosure Statement is a continuation of Applicants' Information Disclosure Statement filed March 17, 2004, in connection with the above-captioned application.

Where the publication date of a listed document does not provide a month of publication, the year of publication of the listed document is sufficiently earlier than the effective U.S. filing date and any foreign priority date so that the month of publication is not in issue. Applicants have listed publication dates on the attached PTO-1449 based on information presently available to the undersigned. However, the listed publication dates

should not be construed as an admission that the information was actually published on the date indicated.

Applicants reserve the right to establish the patentability of the claimed invention over any of the information provided herewith, and/or to prove that this information may not be prior art, and/or to prove that this information may not be enabling for the teachings purportedly offered.

This statement should not be construed as a representation that a search has been made, or that information more material to the examination of the present patent application does not exist. The Examiner is specifically requested not to rely solely on the material submitted herewith.

Documents AM5 and AN5 are in the Japanese language. These documents were cited in an Office Action mailed on April 27, 2004 by the Japanese Patent Office in JP 10-535951, which is the Japanese counterpart of the above-captioned U.S. Patent Application. The requirement for a concise explanation of the relevance of AM5 and AN5 under 37 C.F.R. § 1.98(a)(3)(i) is satisfied by the submission herewith of an English language translation of the Japanese Office Action (document AS13) in which the relevance of AM5 and AN5 is indicated. *See* M.P.E.P. § 609.III.A(3).

This Information Disclosure Statement is being filed before the mailing date of a first Office Action on the merits. No statement or fee is required. 37 C.F.R. § 1.97(b)(3).

It is respectfully requested that the Examiner initial and return a copy of the enclosed PTO-1449, and to indicate in the official file wrapper of this patent application that the documents have been considered.

The U.S. Patent and Trademark Office is hereby authorized to charge any fee deficiency, or credit any overpayment, to our Deposit Account No. 19-0036.

Respectfully submitted,

STERNE, KESSLER, GOLDSTEIN & FOX P.L.L.C.
